

Accessibility Statement

Pain Management NYC is committed to providing a website that is accessible to the widest possible audience. To do so, we are actively working to update the website by increasing its accessibility and usability by people who use assistive technologies such as automated tools, keyboard-only navigation, and screen readers.

We have undertaken, and continue to undertake reasonable efforts to ensure that the applicable pages on the Pain Management NYC websites meet the standards set forth by the World Wide Web Consortium's (W3C) Web Content Accessibility Guidelines. These standards and guidelines explain how to make web content more accessible for people with disabilities. Pain Management NYC trains employees on the appropriate accessibility standards to ensure that the goals and standards set forth in this Statement, and in the applicable guidelines, are implemented and maintained correctly.

Our efforts are ongoing, and Pain Management NYC is committed to improving any areas of our websites that do not comply with the Web Content Accessibility Guidelines. We welcome any feedback or recommendations. If a visitor to one of our websites determines that a web page does not meet the goals and standards set forth in this Statement, Pain Management NYC will promptly undertake reasonable efforts to conform such web page or provide an equally effective alternative. An equally effective alternative means that such alternative shall communicate the same information and provide the equivalent function(s) as found on the web page.

If you are experiencing difficulty with accessing any content on Pain Management NYC or require assistance with any part of our site, please call us at **(212) 224-9555** or get in touch with us by [using our contact form](#), we will be happy to assist.
